

COVID-19 PRECAUTIONS

We can't wait to see you - and rest assured, the health of our customers and team members remain our top priority. We'll be cleaning, sanitizing and following safety guidelines to give you more peace of mind.

HOW WE'RE KEEPING EVERYONE SAFE

We're cleaning regularly (especially high-touch areas!), providing hand sanitizer, limiting the number of people in-office, requiring face masks, and maintaining safe social distancing recommendations.

CARING FOR our employees

For all our team members, we're ensuring a safe 6-foot social distance, cleaning daily, providing masks and hand sanitizer, and following protocol if anyone develops symptoms. We're also conducting wellness checks and installing plexiglass shields for our front office staff.

We look forward to seeing you soon!
